1	anonymous	More parents evening would be nice, year r generally getting very tired, difficult to do any homework as she is tired and agitated when she gets home.
2	anonymous	It would be nice to get a better understanding of the targets he is expected to be meeting. He has come home with some bad language but kore worrying at times saying things like he is useless and a few other very negative comments, on talking it seems he has picked these up from other children, I worry without an in house senco there may be struggling children. He has also commented he has been pushed into the bushes etc.

1	anonymous	Manor is a school where my child has progressed with her learning through encouragement and excellent teaching and support for staff. I cannot thank you all enough for that support in her infant learning journey.
2	anonymous	Teachers are lovely, location is amazing, small classes are ideal for small kids.
3	anonymous	Family/community values. Everyone knows and cares for each other
4	anonymous	The staff. The reading programme. Parent opportunities to come in and see learning.
5	anonymous	It's a lovely small nurturing school, being a Church of England school is so important to us. A great personal small team which work like a family to support the children.
6	anonymous	i love that Manor is so personal and nothing is ever too much trouble. i have emailed in a couple of times with concerns about the boys and it is always dealt with within a day or so - as parents we always felt we were listened to which is reassuring. Also, our boys absolutely love school and speak so highly of all the staff at Manor - we also think the staff are all so lovely!

1	anonymous	Sometimes it's difficult to follow all communication and I'm getting lost what is when.
2	anonymous	Extend it beyond infants, it's a wonderful school
3	anonymous	Teacher consistency. Unmixing the classes again. Newsletters have lost their informative welcoming update.
4	anonymous	Keep fighting for that Primary school acceptance please don't give up. If it was accepted so many families would stay! 3 years is not enough at such a lovely special school where each child can be treated like an individual not just follow a crowd at a bigger school where they will effectively "blend" in.
5	anonymous	More learning through play for year 1/2 and outdoor time. i love the wellie walk idea for the year R but feel sad that the older children don't get to do it. i think our son will struggle when he moves into year 1 with sitting for long periods of time learning, it would be amazing if the learning through play could continue for some of the curriculum as they get older.
